

***Allowable Subject Matter***

1. Claim 10-18 and 20 are allowed.
2. The following is an examiner's statement of reasons for allowance: The instant claims are allowed based on the declaration and arguments submitted. The declaration points out that the prior art teaches the mixture of anthracene and pitch; however, the mixture occurs at room temperature. When mixed at room temperature, the coal tar pitch will not be solubilized by the anthracene oil. Thereafter, the molded product of the prior art does not contain a liquid graphitable agent, as anthracene oil by itself has no coking value. Thereafter, the instant claims cannot be anticipated or held obvious over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Matthew E. Hoban whose telephone number is (571) 270-3585. The examiner can normally be reached on Monday - Friday from 7:30 AM to 5 PM EST.
